FAMILY AND CONSUMER SCIENCES COURSE DESCRIPTIONS

CAREER & LIFE STUDIES

WF5523

Length/Credit: 1 semester / 0.5
Grade(s): 10, 11, 12
Prerequisite: None

This course allows students to integrate a variety of knowledge, skills, and practices needed to meet the challenges of life and career. Major areas of study will include career inventory, career and consumer decision making and problem solving, effective communication, interpersonal skills, and intrapersonal skills. Students will learn how to be responsible when managing finances, time, and energy as well as demonstrate respectful and caring relationships in the family, workplace, and community.

CHILD DEVELOPMENT: THE EARLY YEARS WF5123

Length/Credit: 1 semester / 0.5
Grade(s): 9, 10, 11, 12
Prerequisite: None
Other info:

Students may acquire 3 semester hours of college credit for ECE 174 at Elgin Community College upon completion of Child Development: The Early Years and Child Development: The School-Age Years.

This course allows students to examine the physical, intellectual, social and emotional growth and development of children through age 5. Students will use critical thinking and problem-solving skills to demonstrate how to care for and guide children that will promote optimal development. Major areas of instruction will include the study of prenatal development, infants, toddlers, and preschoolers. Students will create innovative developmentally appropriate activities and interact with children. *Note: Students will have the opportunity to experience the Baby Think It Over infant simulator.

Family and Consumer Sciences

CHILD DEVELOPMENT: THE SCHOOL-AGE YEARS

WF5223

Length/Credit: 1 semester / 0.5
Grade(s): 9, 10, 11, 12
Prerequisite: None
Other info: Students may acquire 3 semester hours of college credit for ECE 174 at Elgin Community College upon completion of Child Development: The Early Years and Child Development: The School-Age Years.

This course allows students to examine the physical, intellectual, social and emotional growth and development of children ages 6-18. Students will learn the knowledge and skills essential to care for and guide children that will promote optimal development. Students will reflect critically on their own development using metacognitive thinking. Major areas of instruction will include the study of middle childhood, late childhood, and adolescence. Students will plan developmentally appropriate activities to implement in various settings.

EARLY CHILDHOOD PRACTICUM

WF5423

Length/Credit: 1 semester / 0.5 (*May be repeated*)
Grade(s): 9, 10, 11, 12
Prerequisite: Child Development: The Early Years

This course allows students to apply the knowledge gained during Child Development: The Early Years. Students will create innovative lesson plans, teach, and observe in the on-site student run preschool. Students will learn and demonstrate job-related skills including adaptability, accountability, collaboration, and initiative through interacting with and guiding children ages 3-5 in a safe and healthy learning environment.

TEACHING AND LEARNING PRACTICUM

WF5321, WF5322

Length/Credit: 1 year / 2.0 (2 periods) (*May be repeated*)
Grade(s): 11, 12
Prerequisite: Child Development: The School –Age Years
Other info: Students may acquire 3 semester hours of college credit for ECE 102 at Elgin Community College.

This course introduces basic methods used in teaching children Pre-K through 12th grade while also applying knowledge gained during Child Development: The School-Age Years. Students will learn the knowledge and skills essential in the education field. Major areas of instruction include lesson planning, learning styles, teaching strategies, classroom management, and diverse learners. The practicum element provides students the opportunity to apply strategies, skills, and concepts. Students will be placed in a local educational setting as a teaching assistant where they will observe, plan, and teach developmentally appropriate learning experiences. Students will exhibit professional responsibilities including communication, initiative, and accountability.

CULINARY ARTS

WF1623

Length/Credit: 1 semester / 0.5
Grade(s): 9, 10, 11, 12
Prerequisite: None
Fee: Yes

This course is an introduction and application of fundamental cooking theories and techniques. Students learn that cooking starts with planning and preparation and ends with serving, tasting, presentation and evaluation. Through both classroom and lab experiences, students will use collaboration and innovation to create and prepare recipes utilizing practical reading and math application.

BAKING AND PASTRY

WF1723

Length/Credit: 1 semester / 0.5
Grade(s): 9, 10, 11, 12
Prerequisite: Culinary Arts
Fee: Yes

This course allows students the opportunity to take initiative while expanding on skills and concepts learned in Culinary Arts. Students develop techniques for producing high quality baked goods and pastries with a strong focus on professionalism and service. Units include breads, pastries, cakes, custards, sauces, specialized desserts, and cost management. The students' creativity and attention to detail will emerge as presentation is emphasized.

CULINARY PRACTICES IN ENTREPRENEURSHIP

WF1821, WF1822

Length/Credit: 1 year / 2.0 (2 periods) (*May be repeated*)
Grade(s): 10, 11, 12
Prerequisite: Culinary Arts and either Baking and Pastry or 1 business course

Other Info: ANSI test is required. Students may acquire 3 semester hours of college credit for HOS 101 at Elgin Community College with completion of Culinary Practices in Entrepreneurship and Hospitality, Tourism & Event Planning. Enrollment in both courses receives articulated credit.

Note: Students may enroll in this course in either school. Bus service is provided for students who select a course outside of their home school.

This course is designed for students who have strong interest and may be considering a career in the food service industry or as an entrepreneur. In a restaurant setting, students will apply critical thinking and problem solving skills to share responsibility for successfully managing the student-run restaurant. Students will act on creative ideas to be innovative with recipe and menu development in response to customer feedback.

HOSPITALITY, TOURISM, AND EVENT PLANNING
WF1923

Length/Credit: 1 semester / 0.5
Grade(s): 9, 10, 11, 12
Prerequisite: None
Other Info: Students may acquire 3 semester hours of college credit for HOS 101 at Elgin Community College with completion of Culinary Practices in Entrepreneurship and Hospitality, Tourism & Event Planning. Enrollment in both courses receives articulated credit.

Students will explore the structure and scope of the travel/tourism, hospitality and event planning industries. Students will engage in career exploration through partnering with business and industry organizations to determine the skills necessary to be successful in the industry.

FASHION DESIGN/APPAREL PRODUCTION I
WF2123

Length/Credit: 1 semester / 0.5
Grade(s): 9, 10, 11, 12
Prerequisite: None
Other Info: Students purchase materials and supplies for their projects.

This introductory course in apparel construction will focus on application of design principles and elements. Knowledge of textiles choices and manufacturing processes will be used to act on creative ideas to skillfully construct a variety of clothing projects. Students begin to prepare for a career in the fashion industry while developing their professional portfolio.

FASHION DESIGN/APPAREL PRODUCTION II
WF2223

Length/Credit: 1 semester / 0.5
Grade(s): 9, 10, 11, 12
Prerequisite: Fashion Design I
Other Info: Students purchase materials and supplies for their projects.

This course builds upon the knowledge and skills gained in Fashion Design/Apparel Production I. Students will utilize innovative techniques and creative apparel design and construction. Students will incorporate the components of the apparel and production industry such as design basics, fabric choice, and price management to research and develop a three piece collection and sample garment to develop a professional portfolio.

FASHION MARKETING AND MERCHANDISING I
WF2323

Length/Credit: 1 semester / 0.5
Grade(s): 9, 10, 11, 12
Prerequisite: None

This course engages students in the business aspect of fashion. Students will explore the history of fashion, fashion designers, trends, visual marketing and display, internet retailing, industry globalization, and career opportunities. Students will act on creative ideas to make a tangible product that highlights market economics, textiles, design and promotion.

FASHION MARKETING AND MERCHANDISING II
WF2423

Length/Credit: 1 semester / 0.5
Grade(s): 9, 10, 11, 12
Prerequisite: Fashion Marketing and Merchandising I

In this course, students will reflect critically on the knowledge and skills gained in Fashion Marketing & Merchandising I. Students plan, produce and participate in a fashion marketing event, apply visual merchandising techniques, and investigate marketing for apparel. Students will use current technology to research principles and procedure to promote the sale of apparel and related merchandise.

INTERIOR DESIGN I WF2523

Length/Credit: 1 semester / 0.5
Grade(s): 9, 10, 11, 12
Prerequisite: None

This introductory course allows students to apply the elements and principles of interior design. Through the use of drafting techniques, consumer selections, and spatial planning student designers are able to plan and create a variety of interior design projects. The exploration of career opportunities in the design field is also covered.

INTERIOR DESIGN II WF2623

Length/Credit: 1 semester / 0.5
Grade(s): 9, 10, 11, 12
Prerequisite: Interior Design I

In this course, students will use real life applications to create and refine products responsive to a target audience while engaging in the occupational and training needs of interior designers and other professionals related to residential and commercial architecture and decorating.

DESIGN STUDIO WF2723

Length/Credit: 1 semester / 0.5 (*May be repeated*)
Grade(s): 11, 12
Prerequisite: One of the following: Fashion Design/Apparel Production II, Fashion Marketing and Merchandising II, or Interior Design II.

This course allows students to take a pragmatic approach to the many areas of the design industries, integrating studies in marketing, merchandising, retailing, and the art of the entrepreneur. Students experience and explore the dynamically creative real world of design.
